

POLYESTER FABRIC TAPE

PRODUCT TECHNICAL DATA SHEET

PRODUCT Polyester Fabric Tape

CONSTRUCTION

High-quality polyester fabric backing coated with a synthetic rubber adhesive.

KEY FEATURES

- ? High adhesion
- ? Stable and corrosion resistant
- ? Soft and conformable
- ? Moderate temperature and abrasion resistance
- ? Cost-effective

APPLICATION

Wire harness bundling in moderate-abrasion environments.

POLYESTER FABRIC TAPE

SIZE	COLOR	USE TEMPERATURE
Width: 15 / 19 / 25 mm Length: 25 m	Black	-40 C to +125 C

TECHNICAL SPECIFICATION

SPECIFICATION	PROPERTY / VALUE
Backing	High-quality polyester fabric
Adhesive	Synthetic rubber adhesive
Temperature Range	-40 C to +125 C
Abrasion Resistance	Moderate
Standard Dimensions	15 / 19 / 25 mm x 25 m
Color	Black
